

**Archaeology – Permit Archaeologist**  
**Location: Terrace, B.C.**

**The Company**

Tree Time Services Inc. is a growing company with diverse operations, including archaeological consulting services, forestry and silviculture consulting, oilfield and small site reforestation, and wholesale and retail tree and shrub seedling sales.

**The Opportunity**

With a main office in Edmonton, AB, Tree Time is opening a new office in Terrace, B.C. and looking for an archaeologist with permit status in the Northwest Coast and / or the Interior Plateau culture areas to join their team. The archaeologist will work closely with the Subarctic / Boreal Forest permit status project archaeologist to undertake projects throughout the province, with an emphasis on northern B.C. It is expected that approximately 50% of the time will be spent in the office and 50% will be spent in the field. This is a full-time, salaried, permanent position with the expectation of advancing to Project Archaeologist within 5 years.

Tree Time isn't just interested in growing as a company; we want to help you grow as an archaeologist and professional. The ideal candidate for this position has a sense of adventure, long-term vision and is excited about being involved with opening a new branch of the Tree Time company.

**Key Responsibilities**

- Supervision of field crews of 1-4 assistants.
- Ensuring compliance with health & safety programs.
- Contributing to all phases of reporting.
- Assisting with other operations as needed.

**Benefits**

- Professional development time.
- Flex-time in the office to give you time for your priorities.
- Option to average hours and bank overtime to allow for extended time off during the winter season.
- Full health benefits.
- Wage commensurate with experience.

**Requirements**

- Permit status for the NWC and / or the Interior Plateau culture areas of B.C.
- Minimum of two seasons archaeological consulting experience, including survey work.
- Valid driver's license.
- Ability to work away from home up to 24 days (usually 10).
- Ability to work well with colleagues (often small crews of 1-3 other people) for extended periods of time in potentially challenging conditions.
